

Fumis PREMIUM

User Interface with Touchscreen

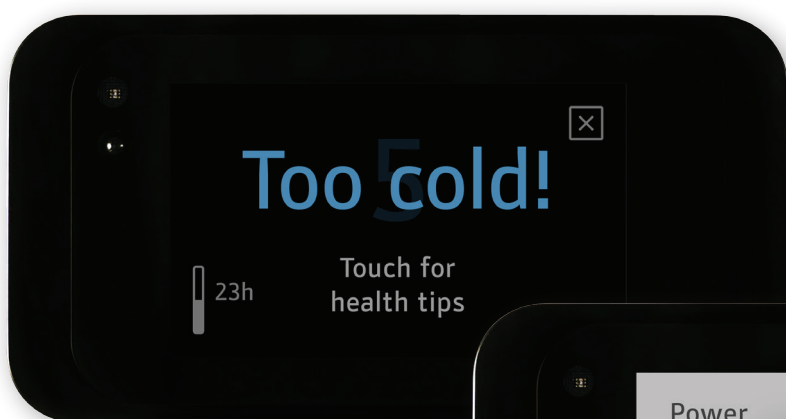

NEXT-GENERATION TOUCH SCREEN USER INTERFACE FOR BEST CUSTOMER EXPERIENCE.

BRING YOUR HEATING DEVICE IN STEP WITH THE TIMES

FUMIS PREMIUM is a new generation user interface. Thanks to its shape, touchscreen technology and intuitive operation, which is very similar to the logic of modern smartphone devices, this user interface is very eye-catching when placed in the user's everyday life.

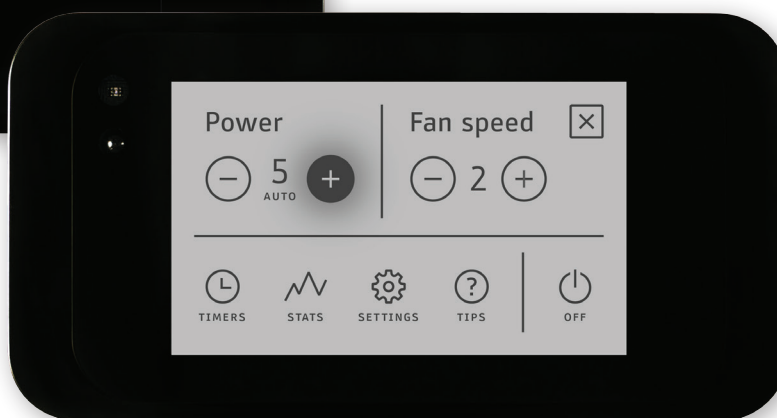

Advantages:

- Easy and intuitive to use (the product guides the user how to use it)
- Modern design, similar to smartphone devices
- Puts your stove in a higher price range
- Connectivity to all types of Fumis controllers
- Easy replacement of the existing Fumis user interface with the Fumis Premium user interface (simply disconnect the existing interface and reconnect Fumis Premium)
- Remote control option
- Automatic adjustment of screen brightness
- The ability to change themes/wallpapers
- Easy installation
- Easy to clean

MODERN AND USER FRIENDLY DESIGN, SIMILAR TO MODERN SMARTPHONE DEVICES.

NAVIGATION THROUGH THE MENUS IS CLEAR AND INTUITIVE.

How to manage the Fumis Premium user interface

The using of the Fumis Premium interface adapted to the habits of our everyday life (smartphones, tablets etc.). The high definition touchscreen allows the user to navigate through the menus and swiping between pages by following easy to understand instructions. As well as this, it gives the user a pleasant feeling that their stove is in step with the times.
